

# Blair Hall Specialty Coffee

**A**t Blair Hall, we're focused on one thing – making the very best coffee for you to enjoy. Coffee that's consistently full-flavored and always smooth, never bitter. This “one thing” drives everything we do, and that takes dedication and constant attention to detail. But it delivers exactly what our customers expect, great coffee day-after-day.

Using the best coffee beans sourced from coffee farms around the world, Blair Hall's Joseph Mercieca directs a proprietary roasting process that he developed over the course of many years roasting coffee; all the while listening and learning from experts at some of the most well-known coffee brands in the world.

Our purpose is to bring great tasting coffee to coffee lovers everywhere. You be the judge. Experience Blair Hall and see for yourself.
